The Board is pleased to announce that after trading hour on 22 July 2021, the Lessee and the Financier agreed on the Finance Lease Arrangement by way of entering into the Finance Lease Agreement.

## FINANCE LEASE AGREEMENT

Date: 22 July 2021

Parties: (i) the Financier as the purchaser and the lessor; and  
(ii) the Lessee as the seller and the lessee.

Subject asset: The Equipment, which shall be purchased by the Financier from the Lessee for the purposes of leasing the Equipment back to the Lessee from the Financier.

Purchase price: The Purchase Price payable by the Financier to the Lessee for the purchase of the Equipment shall be RMB310 million (approximately HK\$373.49 million), which was determined after arm's length negotiation between the Lessee and the Financier with reference to the book value of the Equipment and the amount of financing needs required by the Group under the Finance Lease Arrangement. As at the date of this announcement, the Equipment has been fully acquired by the Lessee.

The Purchase Price shall be paid on the 10th working days after the fulfilment of the following conditions:

- (a) the Security Documents having been delivered to the Financier, and all the certification and registration procedures for the Security Documents with relevant governmental authorities having been completed;
- (b) the Equipment having been insured according to the requirements of the Finance Lease Agreement;
- (c) all subsisting loans of the Lessee having been fully repaid; and
- (d) all other conditions or relevant procedures as required by the Finance Lease Agreement having been satisfied or completed.

It is expected that the Purchase Price will be paid in or before early August 2021.

Finance Period: A period of 120 months commencing from the date of payment of the Purchase Price.

Lease payments and interest rate:	<p>The Lessee shall pay monthly Lease Payments to the Financier during the Finance Period. The total Lease Payments represents the Purchase Price paid by the Financier for the purchase of the Equipment plus interest attributable to the Finance Lease Arrangement to be determined based on the following applicable interest rate in respect of each month for which a Lease Payment is made.</p> <p>The applicable interest rate is a floating interest rate equal to the relevant 5-year LPR plus 0.55%. The relevant LPR for the first Lease Payment is the LPR announced on 22 March 2021, being 4.65%, which gives rise to an applicable interest rate of 5.2% for the first Lease Payment. The applicable interest rate will be adjusted on 1st January every year, and will, after adjustment, equal to the LPR as at the date of such adjustment plus 0.55%. Assuming the applicable interest rate was 5.2% throughout the Finance Period, the total Lease Payments would be approximately RMB399.53 million (approximately HK\$481.36 million).</p> <p>The Lease Payments, the applicable interest rate and the security deposit were determined after arm's length negotiation between the Lessee and the Financier with reference to the prevailing overall market cost of equipment finance lease.</p>
Security document:	<p>As security for the due performance of all the Lessee's obligations under the Finance Lease Agreement, the Lessee and certain wholly-owned subsidiaries of the Company (namely Century Concord Wind Power and Yongzhou Qiaotoupu) shall, in favour of the Financier, execute the security documents (the "<b>Security Documents</b>") consisting of (i) the guarantees given by Century Concord Wind Power and Yongzhou Qiaotoupu respectively; (ii) the mortgage given by the Lessee in respect of the entire assets of the Power Plant and the land on which the Power Plant is situated, and (iii) the pledge given by the Lessee and Yongzhou Qiaotoupu respectively in respect of their respective electricity incomes arising from the operation of the Power Plant and the power plant of Yongzhou Qiaotoupu. The Finance Lease Agreement and the Security Documents have no material adverse effect on the operation and management of the Group's business.</p>
Security deposit:	<p>To secure the due performance of the Lessee's obligations under the Finance Lease Agreement, the Lessee shall pay to the Financier a security deposit of RMB9.3 million (approximately HK\$11.20 million). The security deposit shall be paid on the date of payment of the Consideration.</p>
Buyback option:	<p>Upon the expiry of the Finance Period, the Lessee has the option to buy back the Equipment from the Financier at a consideration of RMB100.</p>

## **LISTING RULES IMPLICATIONS**

The highest Applicable Percentage Ratio of the Previous Finance Lease Arrangements by themselves exceeded 25% but was less than 75%, the entering into the Previous Finance Lease Arrangements constituted a major transaction for the Company and was thus subject to the notification, publication and shareholders' approval requirements under Chapter 14 of the Listing Rules. The Previous Finance Lease Arrangements were conducted within a 12-month period before the date of the Finance Lease Agreement. If the Aggregated Transactions were required to be aggregated under Chapter 14 of the Listing Rules, it would have resulted in a highest Applicable Percentage Ratio on an aggregated basis exceeding 25% but less than 75%, and the Aggregated Transactions on an aggregated basis would have constituted a major transaction for the Company under Chapter 14 of the Listing Rules. The Company has already complied with the major transaction requirements under the Listing Rules in respect of the Previous Finance Lease Arrangements by way of despatching a circular to the Shareholders on 23 April 2021 and obtaining the approval of the Shareholders at the special general meeting of the Company on 10 May 2021. Hence, the Finance Lease Arrangement is not required to be reclassified by aggregating with the Previous Finance Arrangements, and still constitutes a discloseable transaction for the Company.
